

CSS-Media-Queries

Mobile First

```
selector {  
    // Properties for SMALL screens  
    ...  
}  
  
@media (min-width: 800px) {  
    selector {  
        // Properties for MIDDLE screens  
        ...  
    }  
}  
  
@media (min-width: 1200px) {  
    selector {  
        // Properties for LARGE screens  
        ...  
    }  
}
```

Desktop First

```
selector {  
    // Properties for LARGE screens  
    ...  
}  
  
@media (max-width: 1200px) {  
    selector {  
        // Properties for MIDDLE screens  
        ...  
    }  
}  
  
@media (max-width: 800px) {  
    selector {  
        // Properties for SMALL screens  
        ...  
    }  
}
```
